21	GND	42	GND

**Warnings:**

Warranty void if this unit is damaged due to misuse or unauthorized service attempting.

Before making any electrical connections disconnect the vehicle battery's negative terminal and carefully read the unit's Owner's Manual.

Connect each pair of speaker leads only to a single pair of speakers (or speaker system) that has an impedance of at least 4 ohms, as well as 45-watt power handling capability. Never allow the uninsulated part of any speaker leads to touch a metal part of the vehicle.

Connect speaker leads to input of external amplifiers ONLY if indicated in amplifier's manual, otherwise this unit's internal amplifier will be damaged.

This product was produced using lead free technology.  
Help keep the world clean! Dispose properly!

12V ⚡ GROUND 15A max
